**Quotes for Garage Door:** Two quotes were received. The supervisors reviewed the quotes from L&L Doors and Shirey Overhead Doors, Inc. They felt that the door that had the better insulation value from Shirey would be the better choice but the company did not list if the price included reattaching the opener. There were other questions about the thickness of the door and if it had a steel back that was 25-gauge metal. Kevin made the motion so as not to delay the installation and ordering the door to go with Shirey Doors if the door they quoted was 25-gauge metal if the quote included reattaching the opener and if the price held since it was past seven days, second Ed, carried.
